

GPF CLEANER PREMIUM

Product ID: 80012

Product description

GPF Cleaner Premium is a high grade petrol fuel additive specially developed as a cleaner for the Gasoline Particulate Filter of modern petrol engines. TecLub GPF Cleaner Premium optimizes the combustion of excess (soot) particles in the GPF and cleans the injectors and combustion chamber to prevent quick new build-up of excess (soot) particles. The unique combination of a clean fuel system, clean combustion with lower emissions and catalysed particles will clean up and assist in keeping the GPF, the catalytic converter, the exhaust gas recirculation system (EGR) as well as the turbo compressor and its variable geometry vanes clean from deposits.

Benefits

- ✓ Ensures trouble-free operation of your GPF-system
- ✓ Cleans up and keeps your GPF system clean
- ✓ Enables quick and complete soot combustion and regeneration
- ✓ Prevents GPF clogging
- ✓ Cleans the engine, the turbo variable vanes and exhaust system
- ✓ Reduces emission of smoke, HC, CO and particulate matter
- ✓ Improves fuel economy
- ✓ Extends GPF and catalyst service life

Usage

For all common petrol engines in passenger cars equipped with a Gasoline Particulate Filter.

Direction

Pour the contents of one bottle in the fuel tank before filling it with petrol.

Dosage

One bottle treats 40-60 litres of petrol.

Technical specification

Density g/cm ³ :	0,797
Flash point:	> 61°C
Colour:	Amber
Odour:	Characteristic
