

GEAR OIL STOP LEAK + PTFE

Product ID: 80045

Product description

Gear Oil Treatment + PTFE is a balanced blend of high quality gear oil, sub-micron Teflon particles, extreme pressure and anti-corrosion additives.

Benefits

- ✓ The unique combination of excellent raw materials and Teflon particles improves gear changing and reduces wear and noise.
- ✓ Additional protection of gears and bearings extends the lifetime of transmissions.

Usage / direction

TecLub Gear oil treatment with Teflon has been developed for all gearboxes, differentials, rear axles, etc. except automatic transmissions. The additive is miscible with all gear oils. TecLub Gear oil Treatment with Teflon can not be used as additive in automatic transmissions.

Dosage

To be used whenever required.
