

E85 FUEL PROTECTOR

Product ID: 80086

Product description

E85 Fuel Protector is a multifunctional additive for use in high ethanol content petrol such as E85. Protects the fuel system and fuel tank from corrosion. Contains an effective friction modifier which protects the fuel pump from excessive wear and which reduces friction resulting in improved fuel economy.

Provides excellent keep-clean and clean-up performance in the fuel and combustion system. Reduces and controls deposits on (port) fuel injectors, intake ports and intake valves, resulting in improved drivability, fuel economy and power. Reduces exhaust emission.

Benefits

- ✓ Provides excellent keep-clean and clean-up performance in the fuel and combustion system
- ✓ Protects the fuel system from corrosion
- ✓ Protects the fuel pump from excessive wear
- ✓ Improves drivability, fuel economy and power
- ✓ Reduces exhaust emission

Usage

All petrol engines running on high ethanol content fuels such as E85. Compatible with E10 fuels.

Direction

Pour the contents of one bottle in the fuel tank before filling it with E85 petrol.

Dosage

One bottle treats 40 to 60 litres of E85 petrol.

Recommended use: every tank filling.

Technical specification

Density g/cm ³ :	0,797
Flash point:	> 61°C
Colour:	Amber (clear)
Odour:	Characteristic
