

# A/C CLEANER FOAMING

Product ID: 80242

## Product description

High quality foaming air conditioning cleaner based on water and additives. The product effectively cleans air conditioning systems (cars, houses, offices). Foam forming and cleaning properties are excellent. After the foam has disappeared, a clean surface remains.

## Benefits

- ✓ High quality foaming air conditioning cleaner
- ✓ Excellent cleaning and foaming characteristics for improved cleanliness
- ✓ Cleans all types of pollution
- ✓ Deodorizes and prevents the formation of unpleasant odours

## Usage

Air conditioning cleaner is only used to clean air-conditioning equipment.

## Direction

1. Shake well before use.
2. Apply the foam as close as possible to the evaporator. This can be done through the outlet of the evaporator.
3. Bring the nozzle of the spray tube close to or against the evaporator.
4. Remove parts that can be damaged during the treatment.
5. Allow at least 15 minutes for the product to take effect.
6. Switch the fan to a slow speed for 5 minutes..

## Dosage

Depending on the size of the system to be treated, use a maximum of 1 aerosol.

## Technical specification

Colour:	Transparent
Odour:	Typical
