

# BATTERY POLE PROTECTOR

Product ID: 80511

## Product description

Battery Pole Protector is a high quality product based on petrolatum. The battery pole protector is a blue coloured product which covers the battery poles, battery catches, connections etc.

## Benefits

- ✓ Protects for a long time and is not sensitive towards temperatures
- ✓ Protects against corrosion, weather influences and battery acid
- ✓ Prevents voltage reduction

## Usage

Shake the aerosol before use. Clean the parts thoroughly and disconnect the poles. Remove grease and dirt.

## Direction

Spray the product on the parts from a distance of approximately 15 cm. Let the film dry for a while to let the flammable liquids evaporate. Connect the poles again.

## Dosage

To be used whenever required.

## Technical specification

Colour:	Blue
Odour:	Solvent
Solvents:	Hydrocarbon
Propellant:	Propane
