STAINLESS STEEL & CHROME POLISH & CLEANER

Product ID: 80525

Product description

Cleans and repairs the irradiation of sanded, brushed and frosted stainless steel/INOX-surfaces. Leaves no cleaning-strips and protects in one single operation. Masks asperities and colour differences and leaves a very thin topping that gives long-term protection against finger impressions, bacteria and other
pollution.

Benefits

- ✓ Rapidly cleans and repairs the irradiation of stainless steel surfaces in one operation
- ✓ Removes finger impressions, grease, stains left by cooking and dirt on stainless steel surfaces
- ✓ Diminishes oxidation and corrosion of stainless steel surfaces
- ✓ Leaves a very thin topping that offers protection against finger impressions and other pollution
- ✓ No water needed

Usage

For sanded, brushed and frosted stainless steel, such as various car parts, production machines and structural elements in the food-industry, institutional and open kitchens, restaurants, hotels and bars.

Direction

Shake well before use. Spray on the screen and rub it in gently. Use a clean, dry screen and rub it well over the hole surface that you want to be cleaned. For the best result at sanded stainless steel, rub in the direction of the structure.

Dosage

To be used whenever required.

Technical specification

Colour:	Yellow / transparent
Odour:	Nearly odourless
Solvents:	Mixture of synthetic and vegetable oils, Teflon and additives
