Petrol system

Treatments

Universal Fuel System Cleaner

 80137

A high grade fuel system cleaner, fuel stabilizer, corrosion inhibitor and friction modifier for both petrol and diesel!

Petrol Injector Cleaner

 80001

Cleans injectors and combustion chamber and keeps the entire petrol supply system clean and in optimal condition.

Petrol Treatment

 80002

Cleans the entire fuel supply system and keeps it in optimal condition.

Petrol DETOX Pro

 80003

All-in-one, extremely concentrated and effective problem solver for all deposit related problems in petrol engines. Cleans entire fuel system and boosts octane number.

Hybrid Protect & Clean

 80130

Actively cleans and prevents deposits on injectors and in the fuel supply and combustion system of hybrid vehicles. Prevents fuel aging and reduces friction caused by frequent start-stops.

GDI Petrol System Cleaner

 80136

Developed for GDI Petrol engines, cleans injectors, combustion chamber and entire petrol supply system and helps keeping it clean.

GPF Cleaner Premium

 80012

High grade effective cleaner for Gasoline Particulate Filters. Optimizes combustion and keeps the GPF clean and in optimal condition.

Valve Cleaner

 80004

Cleans valves, valve seats, combustion chamber and carburetors in PFI engines or engines with a carburetor.

Octane Booster

 80005

Increases the octane number of petrol improving engine power and performance and preventing engine knock.

Fuel Stabilizer

 80006

Protects, preserves and stabilizes petrol and diesel fuel during prolonged periods of (winter) storage. Enables easy-starting.

Lead Replacement

 80007

Instantly protects valves and valve seats against wear and Valve Seat Recession (VSR) in cars requiring leaded fuel.

Dry Fuel (water remover)

 80008

Absorbs water from petrol and diesel fuel (tanks). Prevents fuel system corrosion and reduces white smoke emission.

Catalyst Cleaner Premium (catalytic converter cleaner)

 80010

Cleans the entire fuel system resulting in optimized and clean combustion preventing contamination of the catalyst.

ValveMaster Plus

 80085

Protects against Valve Seat Recession (VSR), boosts octane number improving engine performance and eliminating engine knock. Especially suitable for classic cars.

LPG Valve Saver 3-in-1

 80009

Protects valves and valve seats of cars running on LPG fuel. Cleans valves and combustion chamber and stabilizes petrol in the fuel tank while driving LPG.

Valve Saver & Protector (LPG) (for dosing systems)

 80054

Continually protects, cleans and lubricates valves and valve seats of cars running on LPG / CNG fuel. Prevents premature wear and Valve Seat Recession (VSR).

E10 Fuel Protector

 80011

Combats the adverse effects of E10 fuels. Prevents corrosion, stabilizes the fuel, cleans the fuel system and keeps it in optimal condition when using E5 or E10 fuels.

E85 Fuel Protector

 80086

Combats the adverse effects of E85 fuels. Prevents corrosion, lubricates and cleans the fuel system and keeps it in optimal condition when using E85 fuels.

EGR, Valve & Intake Cleaner

 80530

Effectively cleans the EGR, (air) intake, throttle and intake valves and combustion chamber from power robbing deposits and lacquer-like compounds. Aerosol packaging.

Injection System Purge for Petrol

 80013

Professional highly concentrated and effective cleaning fuel for direct cleaning of injectors and the combustion chamber. Requires hardware.

Available for  Passenger car  Motorcycle  Heavy duty

Diesel system

Treatments

Universal Fuel System Cleaner

 80137

A high grade fuel system cleaner, fuel stabilizer, corrosion inhibitor and friction modifier for both petrol and diesel!

Diesel Injector Cleaner

 80014

Cleans injectors and keeps the entire diesel supply system and combustion chamber in optimal condition. Improves combustion and boosts cetane number.

Diesel Treatment

 80015

Cleans the entire fuel supply system and keeps it in optimal condition. Restores engine power and performance.

Diesel DETOX Pro

 80016

All-in-one extremely concentrated and effective problem solver for all deposit related problems in diesel engines. Cleans injectors, combustion chamber, turbo and DPF. Lubricates the fuel pump. Boosts cetane number.

DPF Cleaner & Regenerator

 80022

Effective iron-based fuel additive that ensures complete and rapid diesel particulate filter regeneration. Keeps the DPF clean and resolves minor DPF problems.

DPF Cleaner & Regenerator Premium

 80092

High grade very effective cerium-based fuel additive that ensures complete and rapid diesel particulate filter regeneration. Optimizes combustion, keeps the DPF clean and resolves DPF problems.

DPF Cleaner (aerosol)

 80529

Cost and time effective DPF cleaner in spray can, resolving light to medium soot related issues in the DPF system. Prevents engine stalling or power loss and reduces soot emission.

DPF Cleaning Kit PRO

 80024

Professional two-step cleaning method for a clogged DPF. Consists of a very effective cleaning and flushing fluid. Resolves most DPF related problems. Prevents engine stalling or power loss and reduces soot emission. Requires hardware.

DPF Soak & Flush

 80088

Highly effective cleaner for a clogged DPF. Gently but thoroughly dissolves and removes soot and debris from the dismantled DPF, preventing costly replacement.

DPF Refill Fluid GEN3 (for dosing systems, blue ring)

 80056

DPF Refill Fluid GEN3 is a competitive alternative for 3rd generation soot filter fluids (Powerflex®) used in onboard DPF / FAP fluid dosing systems.

DPF Refill Fluid Universal (for dosing systems)

 80057

DPF Refill Fluid Universal is an alternative for 2nd and 3rd generation soot filter fluids (green or blue ring) used in onboard DPF / FAP fluid dosing systems.

AdBlue Additive

 80059

Additive to prevent crystallization in AdBlue systems and injectors.

Dry Fuel (water remover)

 80008

Absorbs water from the fuel (tank). Prevents fuel system corrosion and reduces white smoke emission.

Diesel Stop Smoke

 80017

Reduces (black) smoke and emission of hazardous exhaust gases.

Cetane Booster

 80019

Increases the cetane number of diesel fuel up to 5 points, improving combustion, fuel economy and engine power.

Diesel Antifreeze (cold flow improver)

 80020

Makes diesel fuel winter-safe by preventing diesel from gelling or freezing in low temperature conditions.

Fuel Stabilizer

 80006

Protects, preserves and stabilizes petrol and diesel fuel during prolonged periods of (winter) storage. Enables easy-starting.

Diesel Anti-Bacteria

 80021

Cleans up and prevents microbial growth in fuel (storage) tanks and fuel distribution systems of diesel engines.

Diesel Anti-Bacteria + Cetane Booster

 80058

Cleans up and prevents microbial growth in fuel (storage) tanks and fuel distribution systems of diesel engines. Boosts cetane number improving fuel quality and facilitating easy starting.

Diesel Air Revive Kit PRO

 80028

Professional, highly effective two-step method for cleaning typical contamination and deposits found in the air intake, intake valves, combustion chamber, EGR and turbo variable vanes. Requires hardware.

Diesel Flush

 80029

A fast, efficient and concentrated cleaner for removing deposits on injectors, valves and in combustion chambers. For direct use in diesel fuel filters.

Injection System Purge for Diesel

 80025

Professional, highly concentrated and effective cleaning fuel for direct cleaning of injectors and the combustion chamber. Requires hardware.

EGR, Valve & Intake Cleaner

 80530

Effectively cleans the EGR, (air) intake, throttle and intake valves and combustion chamber from power robbing deposits and lacquer-like compounds.

Available for  Passenger car  Motorcycle  Heavy duty

Oil system

Treatments

BORTEC Friction Fighter

  80030

New generation boron based oil additive significantly reducing friction, wear and engine noise. Prevents and delays oil-ageing. Reduces fuel and oil consumption. Restores engine power. Does not contain any solids.

Ceramic Engine Protector

  80031

Ceramic based oil additive significantly reducing friction, wear and engine noise. Reduces fuel and oil consumption and restores engine power.

Ceramic Ester Pro

 80032

Ceramic and ester based oil additive significantly reducing friction, wear and engine noise. Reduces fuel and oil consumption and restores engine power.

Motor Oil Treatment

  80035

Boosts the engine oil viscosity and strengthens the oil film, preventing metal to metal contact and wear.

Motor Oil Treatment + MoS2

  80033

Molybdenum based oil additive significantly reducing friction, wear and engine noise. Reduces fuel and oil consumption and restores engine power. Black colour.

Motor Oil Treatment + Teflon

 80034

PTFE (Teflon) based oil additive significantly reducing friction, wear and engine noise. Reduces fuel and oil consumption and restores engine power. Beige colour.

Engine Flush

   80036

Flushes and cleans the oil system from sludge, gum, rust and varnish prior to an oil change. Enables new oil to perform optimally.

Hydraulic Valve Lifter Treatment

 80042

Cleans, releases and lubricates sticking valve stems and hydraulic valve lifters.

Engine Oil Stop Leak

   80037

Effectively stops and prevents motor oil leakages through seals and eliminates the need for expensive repairs.

Engine Oil Stop Leak + Stop Smoke

   80060

Stops (blue) smoke emission caused by excessive oil burning, boosts viscosity index of the engine oil and stops motor oil leakage, eliminating the need for expensive repairs.

Universal Oil Stop Leak

   80038

Stops and prevents oil leakages through seals in engines, manual and automatic gear boxes, power steering, and hydraulic systems.

Oil Stop Smoke + Viscosity Booster

   80041

Stops (blue) smoke emission caused by excessive oil burning and boosts viscosity index of the engine oil.

Engine Oil Booster

  80039

Boosts engine oil performance, prolonging engine oil life. Reduces friction and wear and improves viscosity restoring compression.

Engine Oil Booster PLUS

  80040

Boosts engine oil performance, reduces friction, wear and blue smoke. Neutralizes harmful acids and increases oil viscosity, restoring compression and prolonging engine oil life.

Motorcycle Friction Fighter

  80043

New generation oil additive specially developed for wet-clutch motorcycles. Reduces friction and wear without affecting the friction coefficient in the clutch area. Improves engine performance and fuel economy and reduces engine noise.

Gear Oil Treatment

  80044

Improves gear changing and reduces wear and (gear) noise in manual gear boxes.

Gear Oil Treatment + Teflon

  80045

PTFE (Teflon) based gear oil additive improving gear changing and significantly reducing wear and (gear) noise in manual gear boxes.

Gear Oil Stop Leak

   80046

Stops and prevents gear oil leakage through seals and eliminates the need for expensive repairs in manual gear boxes.

ATF Conditioner & Stop Leak

 80048

Improves and eases automatic shifting and reduces shudder. Stops and prevents ATF leakage through seals and eliminates the need for expensive repairs.

ATF Flush

 80049

Flushes and cleans the ATF oil system from varnish and deposits prior to an oil change. Enables new oil to perform optimally.

Power Steering Stop Leak

  80076

Stops and prevents power steering fluid leakage through seals and eliminates the need for expensive repairs.

Hydraulic System Stop Leak

   80077

Stops and prevents hydraulic oil leakage through seals and eliminates the need for expensive repairs.

Turbo Oil + MoS2 Pre-lube

 80089

Protects the turbo when the engine is started for the first time after turbo assembly. Helps prevent the premature wear of vulnerable internal parts.

Available for  Passenger car  Motorcycle  Heavy duty

Cooling system

Treatments

Radiator Sealer & Conditioner

80050

Permanently and reliably seals and prevents hair cracks and leakages in the radiator, the water pump, the cylinder head and the engine block.

Radiator Cleaner (Flush)

80051

Effectively cleans and flushes sludge, rust, scale and other deposits from the cooling system. Improves the heat transfer and enables the new cooling fluid to perform optimally.

Cylinder Block Seal

80052

Quickly prevents and repairs hair cracks in the cylinder block that lead to water or coolant loss in the oil system or combustion chamber. Eliminates the need for expensive repair. No block dismantling required.

Cooling system

Coolants

Coolant Concentrate Basic

80134

A widely applicable budget engine coolant concentrate (antifreeze) based on monoethylene glycol. NAP free. Compatible with BS6580, AFNOR and many other specifications.

Coolant Concentrate G11

80131

A premium engine coolant concentrate (antifreeze) based on monoethylene glycol and hybrid organic additive technology. NAP free. Compatible with VW TL-774C (G11), BS6580, AFNOR and many other specifications.

Coolant Concentrate G12, G12+

80053

A premium widely applicable engine coolant concentrate (antifreeze) based on monoethylene glycol and organic additive technology. NAP, borate, silicate and mineral additive free. Compatible with VW TL-774 D & F (G12 / G12+), BS6580, AFNOR and many other specifications.

Coolant Concentrate G12++

80132

A premium engine coolant concentrate (antifreeze) based on monoethylene glycol and both organic & mineral (silicate) technology. NAP and borate free. Compatible with VW TL 774 G (G12++), BS6580, AFNOR and many other specifications.

Coolant Concentrate G13

80133

A premium engine coolant concentrate (antifreeze) based on monoethylene glycol, glycerine and both organic & mineral (silicate) technology. NAP and borate free. Compatible with VW TL 774 J (G13).

Brake system

Brakes

Brake Fluid DOT 3

80069

High performance brake and clutch fluid exceeding FMVSS Nr. 116 DOT 3 and SAE J1703 specifications.

Brake Fluid DOT 4

80070

High performance brake and clutch fluid exceeding FMVSS Nr. 116 DOT 4, SAE J1704 and ISO 4925 specifications.

Brake Fluid DOT 4 LV (Low Viscosity)

80072

High performance brake and clutch fluid exceeding FMVSS Nr. 116 DOT 4, SAE J1704 and ISO 4925 class 6 specifications.

Brake Fluid DOT 4 Ecosafe

50015

High performance **non-hazardous** brake and clutch fluid with **low carbon footprint**. Exceeding FMVSS Nr. 116 DOT 4, SAE J1704 and ISO 4925 specifications.

Brake Fluid DOT 5.1

80073

High performance brake and clutch fluid exceeding FMVSS Nr. 116 DOT 5.1, SAE J1704 and ISO 4925 specifications.

Ceramic Brake Paste

80090

High temperature resistant ceramic grease for lubrication of braking systems, wheel nuts, exhaust manifolds, bolt and other fasteners subject to heat and corrosion. Prevents welding, seizing and corrosion and eliminates braking squeal.

Brake & Parts Cleaner

80074

Highly effective, quick drying cleaner for brake parts, couplings, gear boxes, engine components, etc. Easily removes contaminants like oil, grease, salts, brake fluid and street grime.

Available for  Passenger car  Motorcycle  Heavy duty

Motorcycles

Motorcycles

Chain Spray Premium

 80126

Chain lubricant based on oils, grease, PTFE, ceramic additives and solvents. The product has excellent adhesive and moisture displacing properties. The penetrating power is excellent and reduces wear and friction. High pressure resistant.

Chain Spray

 80112

Chain Spray is a high-grade lubricant affording excellent chain protection from abrasion and drying out.

Motor Protection Lacquer

 80555

A transparent flexible coating for protecting the engine and electrical components such as spark plugs, electric cables and headlights.

Fork Oil

 80122

All kinds of motorcycle fork oils are available which are suitable for different motorcycle forks.

Helmet & Visor Cleaner

 80117

Strong foam cleaner for cleaning motorbike helmets inside and out.

Helmet & Boot Freshener

 80116

Breaks down unwanted smells and bad odor in helmets, boots and gloves.

Air Filter Oil

 80124

A very tacky, water resistant adhesive for keeping out dust and dirt in off road motorbikes. Prevents dirt from coming through the filter and contaminating the engine.

Also see other  -marked products in this overview.

Car care

Car care

Sun Guard

 80558

Sun Guard protects plastics, rubber, vinyl and other surfaces against damaging UV rays. Restores colour and luster and maintains a fresh new look. Repels water and dust and prevents fading and cracking.

Summer Screenwash

 80081

Highly concentrated effective windscreen cleaner. Removes dirt, water spots and insects and leaves a streak free finish.

Car Polish

  80082

A complete and effective car paintwork reviver and finisher. Finishes and restores colour, gloss and shine on car paintwork. Different types available.

Wash & Wax

 80083

Highly effective wash and wax-in-one. Refreshes paint colour and provides an intense shine. Different types available.

Wheel Cleaner Extreme (Colour Indicator)

 80527

Highly effective acid-free cleaner for all types of steel and light alloy wheels. Easily removes dirt, brake dust, oil and rubber residue and other road dirt. Contains an innovative colour indicator to show cleaning progress.

Leather Conditioner

  80547

Cleans and protects upholstery of leather and semi-leather. Protects against weather influences, reduces the adhesion of dirt and gives a glossy result. Free from solvents. Contains silicones.

Bumper & Plastic Renewal Kit

 80548

A polish that restores the original black finish to sun-faded plastic materials such as car bumpers.

Cockpit Shine

 80549

A wide range of silicon, silicon-free and water based cockpit sprays for touching up dashboards and other plastic materials inside cars.

Spray Wax & Shine

 80550

Spray wax polish to clean and protect long term. Perfectly suitable for a quick super shine treatment for cars, caravans, polyester boats, synthetic window frames, motorbikes, bicycles, garden furniture, chromium etc. Based on synthetic and natural waxes, oils, solvents and water.

Rain Off

 80567

Rain Off makes car windshields, car windows, car mirrors and other glass surfaces water repellent. Improves visibility, safety and driving comfort in wet weather driving conditions. Prevents staining and water spots.

Underbody Coating

  80080

Overpaintable stone chip coatings protecting the undercarriage and wheel housing of cars, trucks and vans from corrosion, abrasion, stones and gravel. Protects from various climates and salt and is sound-deadening. Different types available.

Tyre Shine Foam

 80546

Silicon based tyre foam developed for cleaning and protecting tyres. Tyres revert to their original natural dark colour.

Available for  Passenger car  Motorcycle  Heavy duty

A/C Lubricants

Airconditioning

PAG Compressor Oil 46/100/150

Polyalkylene Glycol (PAG) lubricant for A/C compressors. Compatible with R134A refrigerant and available in different viscosities.

Universal PAG 46/68/150

Premium grade, universal Polyalkylene Glycol lubricant for A/C compressors. Compatible with R134A and R1234yf refrigerant and available in different viscosities.

POE Compressor Oil

High grade polyolester oil for A/C compressors. Compatible with R134A refrigerant and available in different viscosities.

Hybrid + Electric Vehicle A/C Fluid

Premium Grade polyolester oil, specially formulated for use in Hybrid and Electric vehicle A/C compressors. Compatible with R134A and R1234yf refrigerant.

A/C Treatments

Airconditioning

A/C Stop Leak Premium

Prevents and permanently stops seal or corrosion related leaks in the A/C system.

A/C Stop Leak Premium Aerosol

Prevents and permanently stops seal or corrosion related leaks in the A/C system. Easy application aerosol with special adapter.

A/C Booster

Cleans and boosts the performance of the A/C system resulting in improved cabin cooling and faster demisting of windows. Reduces A/C maintenance cost.

A/C Leak Detection Dye

Fluorescent additive to the A/C system to quickly locate leakage areas.

A/C Booster Aerosol

Cleans and boosts the performance of the A/C system resulting in improved cabin cooling and faster demisting of windows. Reduces A/C maintenance cost. Easy application aerosol with special adapter.

A/C System Flush

Powerful cleaner to remove old oil, contamination and moisture from the A/C system. Protects the system against corrosion and build-up of contaminants. Safe to use; does not contain solvents or other harmful components.

A/C Cleaners

Airconditioning

One Shot Freshener

Spray to refresh the air conditioning and air circulation systems in vehicles. Deodorises and prevents unpleasant odours.

A/C Cleaner Natural

High quality air conditioning cleaner effectively cleaning automotive and domestic A/C systems, removing bad smells and unpleasant odours.

A/C Cleaner Foaming

High quality foaming air conditioning cleaner effectively cleaning automotive and domestic A/C systems, removing bad smells and unpleasant odours

Available for

Passenger car

Motorcycle

Heavy duty

Lubrication

Aerosols

Adhesive Clear Grease

80501

Excellent adhesive yet penetrating, high-pressure resistant, moisture displacing universal spray grease to lubricate parts subject to pressure, speed, impact and vibration or where a strong, lasting and protective lubricant film is required.

Multi Spray

80502

Multi-functional oil to clean, protect and lubricate. Displays excellent water displacing, anti-corrosive and penetrating characteristics, loosening rusty bolts, nuts, screws, locks and hinges. Also protects electrical cables and parts. Prevents rust formation. To be used in workshops, on cars, caravans, motorcycles, bicycles, home applications, hobby material and tools.

Multi Spray Extreme

80503

Multi-functional oil to clean, protect and lubricate. Due to its special oil base, which is heavier than water, it shows extreme water displacing and anti-corrosive characteristics. Protects and loosens electrical cables and parts. Provides long term rust formation prevention.

Penetrating Oil + MoS2

80504

Black penetrating oil based on slowly evaporating solvents, mineral oils, corrosion inhibitors and molybdenum disulfide.

Penetrating Oil + Graphite

80505

Black coloured penetrating oil based on slowly evaporating solvents, mineral oils, corrosion inhibitors and graphite.

Shock Freeze Penetrating Oil

80506

Penetrating oil with strong cooling effect (cooling to -40°C). The cooling shock creates micro-fine cracks in the joint which, together with the penetrating oil, accelerates loosening.

White Grease + PTFE

80507

A white calcium complex based grease with PTFE for superior long term water and heat resistant lubrication of bearings, axles, chains, hinges and all moving parts. Non-dripping.

Dry-film Lubricant + PTFE

80508

Oil and silicon-free PTFE based lubricant leaving a non-tacky, dry lubricating coating. Prevents accumulation of dust and dirt providing high lubricity and excellent non-stick properties. Lubricates leather, plastics and elastomers for use in drive belts, gaskets, gears, bearings and sleeves, chain drives, sliding doors, window runners and sunroof guides.

Dry-film Lubricant + MoS2

80509

Oil and silicon-free MoS2 based lubricant leaving a non-tacky, dry lubricating coating. Provides excellent long term adhesion, high lubricity and extreme pressure properties to lubricate gears, spliced shafts, pivot pins, cams, pistons, screw jacks, toggle joints, journal bearings, coin mechanisms and hinges.

Protection

Aerosols

Silicone Spray

80510

Silicone based water repellent lubricant for a wide range of applications such as protecting and lubricating locks, hinges and other office or household appliances. Also suitable for the maintenance and lubrication of rubber and plastic parts.

Battery Pole Protector

80511

A coloured grease for covering battery poles, battery latches, connections, etc. Protects against corrosion, weather influences, battery acids and voltage reduction.

Engine Protector

80512

A transparent flexible coating for protecting the engine and electrical components such as spark plugs, electric cables and headlights.

Belt Spray

80513

A highly tacky belt coating for reducing slippage and eliminating irritating belt squeal. Belt spray can be used on all types of flat, vee belts and conveyor belts.

Plastic & Rubber Conditioner

80514

User-friendly conditioner for exterior parts of vehicles. Conditions rubber parts and restores gloss and intensifies the colour of plastic parts. Gives a lasting gloss and removes residue of polishes. Prevents freezing and drying out of rubber parts and protects against weather influences. Contains silicones and is pH-neutral.

Rain-Off

80515

High quality water repellent spray for windscreens, mirrors and visors. Reduces the adhesion of dirt and makes rain flow off your windscreen easily. Contains silicones.

Available for  Passenger car  Motorcycle  Heavy duty

✦✦ Cleaning

Aerosols

Brake & Parts Cleaner 80074
 Powerful solvent cleaner with strong jet-spray for use on brake discs, drums, pads, cylinders, calipers and other metal parts.

Rapid Cleaner 80518
 Universal product for cleaning metal parts from oils, greases, (brake) dust and other dirt.

Carburetor & Fuel System Cleaner 80519
 A powerful cleaner for cleaning fuel system components. Efficiently removes contaminations such as carbon and grease deposits, resin, gum, oxidation and other dirt on parts such as valves, actuators, EGR valves, injectors, idling motors, throttle valves, air mass meters etc.

Electronic Cleaner 80521
 A very effective cleaner for all electrical and electronic components such as micro-switches, connecting sockets, radio appliances, tape decks and other electronic devices. The product quickly dissolves deposits of resin, dirt, dust, etc.

Engine Cleaner 80522
 Effective engine cleaner quickly dissolving oil, grime and dirt. Can be rinsed off with water and can be used to clean the outside of any vehicle engine and parts.

Anti-fog Glass Cleaner 80523
 Foaming glass cleaner that leaves a non-visible film layer with anti-fog properties. For cleaning glass, windows, mirrors and tiles on which an anti-mist layer is required.

Plastic Cleaner 0524
 Quick cleaning solution for removing dust, grease and other dirt from plastic parts. Non-aggressive.

Stainless Steel & Chrome Polish & Cleaner 80525
 High quality water, oil and solvent based cleaner to clean matt and glossy stainless steel surfaces. Removes grease films, prevents finger marks, makes treated surfaces look new. NSF approved for use in the kitchen as well.

Upholstery & Textile Cleaner 80526
 Water based foam cleaner for cleaning car upholstery, carpets and linings.

Wheel Cleaner 80536
 A stable foaming product based on water, solvents and strong surfactants. Developed to dissolve oil, grime and dirt from steel and light alloy wheel rims. The slowly degrading foam ensures the contamination is soaked.

Wheel Cleaner Extreme (Colour Indicator) 80527
 A stable acid-free wheel rim cleaner based on water, solvents and strong surfactants. Developed to dissolve oil, grime and dirt from wheel rims. Contains a very innovative colour indicator that indicates when the product is ready to be flushed off.

DPF / FAP Cleaner 80529
 A very effective cleaner for loosening carbon and ash deposit in DPF / FAP systems without the need for disassembly. Restores power and performance, prolongs DPF / FAP life and facilitates easy filter regeneration.

EGR, Valve & Intake Cleaner 80530
 An extremely effective and versatile cleaner to clean typical contamination found in the air-intake, inlet valves, EGR and turbo. Quickly and efficiently dissolves oils, resins, lacquer and carbon deposits.

Intake & Combustion Chamber Cleaner 80531
 An extremely powerful cleaner to clean typical contamination found in the air intake and combustion chamber. Quickly and efficiently dissolves oils, resins, lacquer and carbon deposits.

Contact Cleaner (Non-Conductive) 80532
 A unique cleaner for removing oil, dirt and moisture from the surface of contact points of small electrical equipment, controls, ignition systems, motors, relays and thermostats. Penetrates, lubricates, cleans and protects. Non-conductive.

Battery Cleaner 80533
 Strong alkaline foam cleaner to neutralize acid residues on car batteries. To ensure complete cleaning and protection, the foam will turn pink in the presence of acid. After battery-acid has been neutralized, the foam will return to its normal light yellow colour.

Glass-Window-Screen Cleaner 80534
 Foaming glass cleaner based on water, solvents and surfactants to remove dirt, greasy finger marks and to give a sparkling finish to all windows and mirrors. Dries without streaks.

Universal Foam Cleaner 80535
 Foam cleaner based on water, solvents and surfactants with a wide spectrum of applications and excellent cleaning action. Suitable for cleaning furniture, upholstery car parts inside and out. Also well suited for universal cleaning use at home and in office applications.

Available for  Passenger car  Motorcycle  Heavy duty

Tools
Aerosols
Tyre Repair 2-in-1

80537

Seals punctures and inflates tyres without removing the wheel. Seals punctures up to 5 mm. Inflates the tyre up to a pressure at which one can continue to drive.

Starting Fluid Spray

80538

Ensures quick, reliable engine starts in cold and moist circumstances. Makes the battery last longer and prevents premature wear of the starter.

Insect Remover

80539

A quick water based cleaner for removing insects from car parts.

Tar & Resin Remover

80540

Solvent mixture specially formulated to remove bitumen, oil, grease and dirt from car parts and machinery.

Gas Leak Detector

80541

A water based foam for finding leaks in gas and air systems. Leak finder is non-flammable, non-poisonous, non-corrosive and DVGW certified DIN EN 14291.

De-Icer Spray

80542

Removes ice and frost quickly and easily from windshields and mirrors. Prevents re-icing. Glare free.

Sticker & Glue Remover

80543

A mild solvent mixture for softening and removing the various sorts of glue residues used in the modern automobile industry. The product does not harm lacquer or plastic materials.

Paint & Gasket Remover

80544

High strength gasket remover that dissolves and removes paint and gasket residues. Develops a foam-like layer on the surface, which prevents it from dripping. Strips paints, lacquers, varnishes, gasket residues and carbon deposits.

Drill & Cutting Oil

80545

Adhesive foaming oil that reduces wear and friction and increases the lifespan of metal drills and cutting knives. Shows excellent EP/AW, oxidation and corrosion protective properties.

Assembly
Aerosols
Ceramic Grease (White)

80551

High quality white ceramic grease. Lubricates and prevents corrosion in a wide operating temperature range from -20°C to +1200°C. To be used when coloured or metal containing greases cannot be used.

Copper Spray

80552

High quality copper grease. Lubricates and prevents corrosion and rust in high pressure, extreme temperature and corrosive conditions. Wide operating temperature range from -40°C to +1100°C. Excellent conducting properties.

Ceramic Grease (Grey) - Anti-Squeal

80553

High quality ceramic grease. Lubricates and prevents corrosion and rust in high pressure, extreme temperature and corrosive conditions. Ideal for lubrication of ABS braking systems (prevents brakesqueal) and/or when metal containing lubricants are not preferred.

Available for  Passenger car  Motorcycle  Heavy duty

Winter

Winter

Screenwash Antifreeze (de-icer)

 80062

Prevents screenwash from freezing. Quickly de-ices and cleans windows. Streak free.

Diesel Antifreeze (cold flow improver)

  80020

Makes diesel fuel winter-safe by preventing diesel from gelling or freezing in low temperature conditions.

Doorlock De-Icer

 80064

Easy to use spray to defrost car locks rapidly.

Heating Oil Additive

80067

Increases quality and storability of heating oil. Stabilizes fuel quality, improves combustion and reduces corrosion and oxidation. A special re-odorant helps to cover the typical smell of heating oil.

Heating Oil Additive Premium

80068

Extra concentrated additive which increases quality and storability of heating oil and agricultural diesel fuel. Stabilizes fuel quality, improves combustion and reduces corrosion and oxidation. A special re-odorant helps to cover the typical smell of heating oil.

Sun Guard

80558

Protects plastics, rubber, vinyl and other surfaces against damaging UV rays. Restores colour and luster and maintains a fresh new look. Repels water and dust and prevents fading and cracking.

Rubber Maintenance Spray

80065

Protects and conditions rubber, plastics and leather. Prevents sticking and protects rubber seals on doors and trunk lids.

Rubber Maintenance Stick

80066

Protects and conditions (door)rubbers and keeps them pliable. Prevents rubbers from freezing. In easy-to-use lipstick-like applicator.

Rain Off

80567

Makes car windshields, car windows, car mirrors and other glass surfaces water repellent. Improves visibility, safety and driving comfort in wet weather driving conditions. Prevents staining and water spots.

Fabric Protector

80559

A highly effective water- and stain repellent for impregnating outdoor textiles of all fibre types. Improves protection against water, dirt and stains. Water-based and free of perfluorinated compounds.

Miscellaneous

Miscellaneous
